

**IT BEGINS WITH NUS SERIES**

# DATA ANALYTICS BEGINS WITH ME

*Learn in the morning, Apply in the evening*

Basic Data Analytics taught with a simple but powerful graphical user interface (“GUI”) drag-and-drop tool targeted at business analysts requiring more sophisticated capabilities than what a spreadsheet can offer.

Understanding and using data is increasingly an important part of an executive function. Whether you are a business analyst, customer service officer, physiotherapist, procurement officer or HR executive – the ability to understand where potential data is coming from, and to properly collect it, clean it and then analyze the data will be an important and critical skill.

The programme focuses on these core skills and provides you the knowledge to participate in the organisation’s data analytics process without any coding requirements.

## DATE

**17 November 2017**

## DURATION

**1 Day; 9.00am to 5.30pm**

## VENUE

**National University of Singapore**

**REGISTER NOW!**

**Registration will close 5 working  
days prior to programme  
commencement date**
