

Conditions of Admissions

This offer of admission is made to you on condition that:

- a) You have complied with all instructions for acceptance of the University's offer of admission. If you do not accept this offer by the deadline and/or fail to register for your course of study in person, this offer of admission will be considered withdrawn.
- b) The University is satisfied with the results of your pre-enrolment medical examination and that you are free from any disease or illness. You shall undergo further health examinations or tests if required by the University.
- c) The information you have given in your application form is accurate, and you have not withheld material information from the University. Any candidate found to have given inaccurate or false information or to have deliberately omitted material information at the time of application for admission will be refused admission to the University or, in the case of those already admitted, be required to leave or be expelled from the University.
- d) Request for deferment will not be entertained. If you are unable to commence your studies, you will need to apply for the next intake and be considered as a fresh applicant.
- e) You accept and agree to comply with all University statutes, regulations, rules and policies currently in effect and as may be revised from time to time. You agree to sign the Acceptance Record required of all students at the University. Details of this Acceptance Record can be found [here](#).
- f) All full-time international students are required to hold a valid Student's Pass issued by the Immigration & Checkpoints Authority (ICA) during their candidature in NUS. The offer of admission is conditional upon the successful application of Student's Pass.

To be familiar with ICA's requirements regarding Student's Pass matters, please check ICA's web-published information on Student's Pass for University students [here](#). To apply for a Student's Pass, NUS will first need to initiate a registration with ICA on the student's behalf, before the student can receive an email instruction to submit the eForm16. If the application is approved, ICA shall grant an In-Principle Approval (IPA) letter. For students from a [visa-required country](#), the IPA letter, which serves as a single-entry visa to enter Singapore, will be available for printing via the [Student's Pass Application](#) system (*navigation path: Student Main Menu > Print Outcome Letters*). Students are advised to read the IPA letter carefully for the list of documents/items which they need to prepare for submission to ICA to complete their Student's Pass formalities (refer to [Pre-Admission Guide](#) Section 4 (a) for more details).

- g) You have read and understood the fees payable, candidature and degree requirements, and student's pass requirements (for international students).
