Frequently Asked Questions

1. Are the lessons conducted online or on campus?

All courses are held on campus unless otherwise specified. If you anticipate conflicts due to work, we recommend discussing your schedule with your employer in advance.

2. Is there attendance taking?

Attendance is not compulsory. By planning ahead and coordinating with your employer, you will be able to manage your time more effectively. We strongly encourage attending all classes as it will help you in preparing for the entrance exam(s).

3. I cannot attend the entrance exam. Can I request an online exam or an alternate exam date?

All exams are held on campus unless otherwise specified. There will be no make-up examination dates. You will need to reapply for the following intake to take the entrance examination(s). Please note that passing the entrance exams are a prerequisite for admission into the BIT/BTech programmes for shortlisted applicants. We seek your understanding that we will not be able to re-schedule another exam date or arrange an alternative exam date for your individual circumstance.

4. Can I request a refund of the course fees if I am not able to attend the Entrance Exam?

Course fees are non-transferable and non-refundable. Applicants must ensure they can commit to the Course Schedule and Exam Date before signing up for the courses. We strongly recommend that you complete the courses as preparation and using this opportunity to assess how well you manage your work, family and studies.

5. Can I use Post-Secondary Education Account (PSEA) to offset my Bridging/Preparatory Course Fees?

PSEA funds can only be used to offset [BTech Engineering Bridging Units \(BEBU\)](#) and Tuition Fees. You may call the hotline at 6260 0777 to check your PSEA account status and eligibility.

6. Can I use SkillsFuture Credits to offset my Bridging/Preparatory Course Fees?

The purpose of this bridging course is to prepare you for the entrance exams/assessment. It is not a certification under SkillsFuture. Hence, you will not be able to use SkillsFuture Credits to offset the bridging/preparatory courses. However, upon admission into the BIT or BTech programmes, you can offset your Tuition Fees using SkillsFuture Credits.

7. I applied for both BIT and BTech Engineering programmes. Can I sign up for both?

If you apply for both BIT and BTech Engineering programmes, you can only sign up for **ONE** programme as the bridging/preparatory courses are scheduled in the same period. Please decide carefully before making payment as you can only select **ONE** choice via the applicant portal when the application outcome is released.
