1 year (Full-time only)

Summer programme in entrepreneurship
A two-week intensive programme that offers an immersive experience of entrepreneurship in Singapore and Southeast Asia, to educate and inspire, and to create opportunities to connect deeply with peers and with the entrepreneurship ecosystem.

Innovation and enterprise internship
A semester-long startup internship experience. Work alongside co-founders at innovative startups, feel the energy and get into the action, figure out what it takes for a business to thrive, connect with like-minded people from the startup community, and forge a network of friends and future partners.

New venture creation
With the goal of helping students understand the process, challenges, risks and rewards of starting up a new business, this course equips students with the tools to improve their chances of successfully starting their own businesses.

Elective courses

GRIP venture creation practicum
This course provides guidance and support to accelerate ideas into viable businesses. Through a step-by-step hands-on approach and mentorship, students will be empowered with the knowledge, skillsets and tools to bring their startups from ideation to fruition.
