NUSC SUMMER SCHOOL 2025

Curiosity Meets Impact

At NUSC Summer School, 'What if?' sparks the beginning of an extraordinary journey. In one transformative week, students dive into interdisciplinary challenges and hands-on projects, guided by esteemed University faculty and surrounded by like-minded peers. They will make connections between diverse disciplines, learn from skill-building workshops, participate in collaborative team challenges, and go on field excursions — designed to make them equipped for future challenges, from analytical thinking to leadership in real-world scenarios.

As an academically rigorous, interdisciplinary honours programme within the National University of Singapore (NUS), the NUS College Summer School provides the unique glimpse of a university experience that pushes boundaries. We offer opportunities to investigate practical challenges, introducing students to a variety of skills required to address them, which will last well beyond the event itself.

Are you ready to embark on a transformative journey?

AT NUSC SUMMER SCHOOL 2025 CURIOSITY MEETS **IMPACT, YOU WILL**

Step Into a Transformative Education Journey

Experience a week of university life at NUS College, where real-world challenges meet interdisciplinary learning
